

Especially Seniors. Reliably Yours.

The Care You Need

Ours is a time when science and abundance allow many to be blessed with longer lives. Welcome as they are, such blessings eventually increase the difficulty of everyday activities – thus challenging our ability to maintain quality of life, self-confidence and dignity.

It doesn't have to be so. Now there is help. Especially Seniors is here to provide personal assistance, comfort, and caring companionship to anyone, especially... seniors. Since 1999, our caregivers have ensured that every effort is taken to gently introduce assistance to our clients – in your own home – as it becomes necessary... so that you continue to live as independently as possible.

At your request, we are here to assist you when you are ready. We will meet with you and your loved ones in your home to design a care plan that best satisfies your needs. Our case management system ensures your plan is precisely implemented, actively reviewed and as flexible as required. Rest assured that the compatibility of our caregivers and clients is always guaranteed.

The cost for our services is based on an hourly rate, so our hours can be increased or decreased as your needs change. Our services are available from 3 to 24 hours per day, short or long term.

Our services can be provided in your own home, a hospital, nursing home or assisted living facility.

Services include:

- Post-Hospital Assistance
- Medication Reminders
- Feeding Assistance
- Shopping/Errands
- Meal Preparation
- Bathing/Dressing
- Light Housework
- Companionship
- Transportation
- Respite Care
- Laundry

Approved provider for DOL/EEOICPA.

The well-being of our clients and our community is the heart of Especially Seniors.

Our Caregivers

Trained to the highest standards

Especially Seniors understands the natural reservations that arise at the prospect of inviting someone into your home to provide assistance. This understanding drives us to seek and hire only the most compassionate, attentive, and qualified caregivers available.

Personality and skill-set matching are the primary keys to a successful home care relationship. We utilize a customized database to monitor our caregivers' skills and abilities. We use this information, along with personal knowledge from our strong family-like relationships with caregivers, to carefully select who we send to assist your loved one.

Especially Seniors' caregivers are trained to the highest standards and are thoroughly screened, bonded and insured. Additionally, we provide them with worker's compensation and professional liability insurance coverage.

For your peace of mind, Especially Seniors' management staff is available to address your concerns at any moment of every day.

Our Services

We are Aiken's only locally owned and operated non-medical, in home care service.

We enable formerly active individuals to remain viable assets in our community and stay involved with their civic and recreational organizations. With our help, whether it is simple transportation or extensive hands on assistance, people continue to make a difference and their voices heard.

In Home Care

Especially Seniors is a non-medical caregiving service that was founded as a comprehensive alternative to an assisted living facility or nursing home. Our focus is to keep you or your loved one comfortable and at home. There is no need to lose independence. We accept clients of all ages and adapt our care to your needs.

Home Assessment

Our management team will meet with you in your home at your convenience and conduct a free, no obligation assessment. We use this to develop what we refer to as a "Day in the Life"... a detailed script of the ideal schedule that outlines the critical components of the day and how your caregiver should execute them. We also examine your living space for dangers and hazards. Then we suggest simple precautions or changes you can make to prevent a fall or other accident.

Case Management

Once care begins, our clients receive regular case management visits to ensure satisfaction and monitor caregiver performance. This allows our Case Manager to adjust our service level to match the changing needs of the client and reach the desired outcome.

Peace of Mind

We strive to be a trusted business within our community. We achieve this with credible and reliable people who share a passion for helping others. Our management staff is available 24/7/365. Someone will always be able to speak with you when you are in need of assistance.

The well-being of our clients and community is the heart of Especially Seniors.
